## GILSLAND VILLAGE HALL NEWS

### September 2013

The village hall now has a new floor downstairs, many thanks to Viaduct Developments for their hard work and for helping us through the unexpected problem of Dry Rot!! Although this held up the work it has now been treated and the walls and floors have been put back again. The new carpet tiles are being fitted on Monday 2<sup>nd</sup> September, ready for a busy autumn time in the hall.

Although we didn't find any Roman coins to help fund the additional cost of the Dry Rot we did uncover a newspaper dated February 1984, advertising house prices from £12,000.

And a Gilsland Women's Institute Tea Cup!!

Work on the roof is also underway and will be finished in time for the return of Autumn
